

IDLER PULLEYS

Machined, cast aluminum pulleys equipped with heavy duty sealed-for-life ball bearings. Available sizes shown in chart below.

Aluminum pulleys with keyway also available in 6" dia. X 3 1/4" or 4 1/4" width.

Pulleys can be supplied with rubber covering.

All pulleys are crowned. Belts won't track well if the crown is worn down. Pulleys can be recrowned for extended life.
